Gentlemen:

The following is a list of Minority Architectural and Engineering firms which can aid municipalities/applicants/grantees in implementing a meaningful Equal Employment Opportunity policy.

This list is not all inclusive nor does its inclusion reflect EPA endorsement or certification of the firms' capabilities.

Our goal is the promotion of fair opportunity for participation by minority consulting firms on EPA assisted projects.

Owners should be sure that the minority consulting firms under consideration are, in fact, minority firms. Minorities are defined as: Negroes, Hispanic Americans, Asian-American, American-Indian, American-Eskimos, and American-Aleuts.

A Minority Business Enterprise is a business, at least 50 percent of which is owned and/or controlled by minority group members, or, in the case of publicly owned business, at least 51 percent of the stock of which is owned and/or controlled by minority group members.

Very truly yours,

Roland L. Cornelius
